

# Junaid Noor

Product Designer (UX/UI)

Lahore, Pakistan — 0092 301 5095390 — jk906887@gmail.com — LinkedIn — Portfolio

## PROFESSIONAL SUMMARY

---

Product Designer (UX/UI) with over 2.5 years of experience designing scalable, user-centered digital products across Healthcare (EHR/EMR) and HRMS domains. Strong background in end-to-end product design ownership, mobile and web applications, and complex workflow optimization. Proven collaborator with Business Analysts, Product Managers, and Engineering teams, translating business requirements into intuitive user experiences. Experienced in leveraging AI-assisted design tools to improve efficiency and usability.

## EDUCATION

---

**Bachelor's in Computer Science** - 2023

Namal University

## PROFESSIONAL EXPERIENCE

---

**Product Designer (UXI) — CureMD** (Aug 2024 – Present)

- Designing for CureMD's flagship EHR (11x) platform, contributing to workflows including Oncology, AI Scribe, Clinical Trials, Tasks, Rx Hub, Messaging, Provider Notes, Ordering, and A/P.
- Designed and shipped complete product flows using AI-assisted design with Figma Make and prompt engineering.
- Leading the Avalon EMR Mobile product, a mobile-first extension of the EHR platform.
- Owning the complete design lifecycle from requirements gathering and competitive analysis to final handoff.
- Built and scaled the Avalon design system to ensure visual consistency and faster iterations.
- Conduct Product Design Review (PDR) sessions with development and QA teams and incorporate feedback.
- Collaborate closely with BAs and PMs to translate complex healthcare requirements into intuitive mobile experiences.
- Use AI tools such as GPT, Gemini, Claude, UX Pilot, and Figma Make to enhance productivity and design quality.
- Promoted to Product Designer (UXI) based on performance, ownership, and impact.

**Associate Product Designer — Devsinc** (Aug 2023 – Aug 2024)

- Started as a UX/UI Intern, continued as an MTO UX/UI, and later promoted to Associate Product Designer.
- Worked on in-house HRMS products including MapleHR, ATS, and Payroll.
- Managed daily design tasks in close collaboration with Business Analysts.
- Migrated legacy interfaces to a new design system, improving usability and consistency.
- Delivered production-ready designs aligned with business requirements and development constraints.

## AWARDS & ACHIEVEMENTS

---

Fully Funded Merit Scholarship, Namal University - 2019–2023

Awarded a full scholarship for the Bachelor's degree based on outstanding academic performance.

## KEY SKILLS

---

### Design Tools

Figma, Figma Make, Adobe XD

### AI and Productivity Tools

GPT, Gemini, Claude, UX Pilot

### Core Expertise

Product Design, UI/UX Design, Design Systems, Wireframing, Prototyping, Usability Testing, Mobile and Responsive Design

### Research and Strategy

User Research, Competitive Analysis, Information Architecture, Design Thinking

### Domains

Healthcare (EHR/EMR), HRMS, ATS, Payroll, SaaS Products

## CERTIFICATIONS

---

Google UX Design Professional Certificates

- Build Wireframes and Low-Fidelity Prototypes
- Foundations of User Experience (UX) Design
- Start the UX Design Process: Empathize, Define, and Ideate
